YOUNGEST LAWYER IN NEW MEXICO.

H. M. Dow of Roswell, Twenty-
Three Years of Age, is Ad-
mitted to Practice.

H. M. Dow, a young man who lives in Roswell, came to the city Monday and Tuesday passed an excellent examination for admission to the bar. The young man is but twenty-three years of age, but has already engaged in the practice of law in the town of his residence for the past six months and although young and naturally inclined to inexperience, has made more than a good living. He is a graduate of the New Mexico Military Institute and also of the law department at Washington Lee University at Lexington, Virginia, both superior institutions of learning. At the Military Institute he stood high and graduated with honors at the University.

The young man has many friends in this section, partly on his own account and partly on account of his father, who was Leslie Dow, sheriff of Eddy county and who was killed in 1897 in the discharge of his duties. His father had the reputation of being a very fearless, efficient and competent officer. The friends of the young man's father are remembering his service and their friendship for him by helping the son, whose future bids fair to be very bright.

The young man is evidently well posted on the principles of law and with experience and increased knowledge will be-

DRY FARMING IN THE HOLY LAND.

in Syria and Palestine from the beginning of April until October there is practically no rain, yet in July the fields teem with vigorous growth of water-melons, tomatoes, cucumbers, etc., all flourishing without artificial watering, although at that time no rain has fallen for many weeks.

In fact the Syrian peasant, from the moment his seed is sown prays that no rain may fall. During the period of growth of a crop the surface of the soil to a depth of six or eight inches is perfectly dry and loose. Below this surface layer will be found moist soil, in which the roots extend and grow vigorously. In this moist sub-soil plants continue to grow until late Autumn. When the crop is removed in the autumn the rains commence and the land is plowed after each heavy rain as soon as the soil begins to dry.

Two primary objects are kept in view in plowing—to furnish a favorable surface for taking up all the water and to prevent its upward evaporation from the sub-soil. The great point is to keep the upper six inches of the soil perfectly loose and friable, so that the moisture from below is not drawn upward and lost in evaporation, but does not ascend higher than the compact sub-soil that is not broken up by the plow. For this reason the plowing is shallow, averaging from four to six inches deep.

When the time for sowing the seed arrives the land is plowed to a depth of about six inches and the seed is sown from an

come a prominent member of the New Mexico Bar, especially in his section. He came to this city highly recommended by the people of his town who know him well. His brother, Robert Dow, who is attending the New Mexico Military Institute, is senior captain, commanding Company A. He stands high in his studies and also has a promising future.—New Mexican.

Those who knew Hi Dow here ten to twelve years ago will remember him as a quiet and studious boy, one who had much sense and little mischief in him, and all will be glad to know he is coming to the front.

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulae, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that; yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which if neglected or badly treated lead up to and finally terminate in consumption. Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay or non-professional testimonials. They are not given away to be experimented with, but are sold by all dealers in medicines at reasonable prices.

Notice of Foreclosure Sale on Real Estate.

In the District Court, Eddy county, New Mexico.
Charles D. Keys, Plaintiff

William B. Harris, and J. F. Dyer, Defendants.

By virtue of Special Execution issued out of the District Court of Eddy County, New Mexico, directing the undersigned as sheriff of Eddy County, New Mexico, to sell the certain property in said Special Execution described as the property of William B. Harris on October 26, A. D. 1905, or at any time since that date, to pay a judgment rendered in the District Court for the said Eddy County on June 19, A. D. 1904 for the principal sum of \$210.00, with interest at the rate of ten per cent from the 10th day of June A. D. 1904 until paid and 2% as costs of said suit, wherein Charles D. Keys was plaintiff and William B. Harris, and J. F. Dyer were defendants and wherein judgment for the foreclosure and sale of the property hereinafter described was also rendered.

Now, therefore, I, as sheriff of Eddy County aforesaid, will on the 23 day of September, A. D. 1905, between the hours of ten and eleven o'clock a. m., offer for sale at the front door of the Court house in the City of Carlsbad, Eddy County, New Mexico, and sell and convey to the highest bidder for cash the property so ordered to be sold, to-wit: The west half (1-2) of the southwest quarter (3-4) and the west half (1-2) of the northwest quarter (3-4) section 36, township 15, south of range 21 east, as the property of said William B. Harris on October 26, A. D. 1905, or at any time since that date, to pay the above judgment, and costs of suit and of this sale.

Dated at Carlsbad, New Mexico, on the 20th day of August A. D. 1905.
